

# GERALD BROMMER 5-DAY WORKSHOP

December 8th thru 12th  
9 a.m. to 5 p.m.  
Monday through Friday

## MONTROSE-VERDUGO CITY CHAMBER PROUDLY PRESENTS A WORKSHOP BY WORLD FAMOUS ARTIST GERALD BROMMER.

"I am basically a landscape painter, since landscape elements comprise the major portion of my subject matter. My approach to environmental subjects, however, is not one of replication but of interpretation and spirit ... While visual design, awareness and techniques are important in my work, they are only the tools that help me express my concerns and appreciation of our material environment and of God's hand in nature." Gerald Brommer

### WORKSHOP COVERS:

#### Landscape Painting: Design & Content

- This innovative workshop emphasizes contact or how to put meaning into your paintings and express yourself in your work.
- Design will be dealt with as a component of content, but the core of the workshop will be in dealing with color, mood, placement of subjects, personal expression, and how to inject your personal feelings about the subject into your work.
- What do you want to share with viewers when they look at your work?
- How does the subject make you feel?
- Why are you painting it in the first place?
- What do you want to say in your paintings?

These and other questions will form the basis for the workshop - in both discussion and in the work that will be done.

The overriding goal of this workshop is to help you achieve freedom of expression and to edit resource materials to help you say what you wish to say in your paintings.

**YOU DO NOT WANT TO MISS THIS 5-DAY  
WORKSHOP WHICH WILL TAKE YOU TO  
ANOTHER LEVEL IN YOUR ART! FEE \$400.00**
